Bahamas toll rises to 7 as Hurricane Dorian crawls along US coast

AFP ■ NASSAU (BAHAMAS)

Weakening slightly but still packing a powerful punch, Hurricane Dorian churned along the southeastern coast of the United States on Tuesday as the storm's death toll in the Bahamas rose to seven.

Bahamas Prime Minister Hubert Minnis termed Dorian "one of the greatest national crises in our country's history," announcing the updated toll and saying that it would likely rise further.

"We can expect more deaths to be recorded—this is just preliminary information," Minnis told journalists.

As the storm moved away from the Bahamas, more accounts of the suffering it inflicted began to emerge.

Water "came over the roof. I would imagine 21 feet (six meters) at least. We were doing

all right until the water kept coming up and all the appliances were going around the house like a washing machine," crab fisherman Howard Armstrong told CNN.

"My poor little wife got hypothermia and she was standing on top of the kitchen cabinets until they disintegrated... I kept with her and she just drowned on me," said Armstrong, who eventually made it to his boat.

Aerial footage of Grand Abaco Island in the Bahamas broadcast by CNN shows scenes of catastrophic damage with hundreds of homes missing roofs, overturned cars, widespread flooding and debris strewn all over.

"Parts of Abaco are damaged. There's severe flooding, there's severe damage to homes, businesses, other buildings and infrastructure," said Minnis.
